"Class Two. All agricultural and other tools, implements and machinery, gas and other engines and boilers, threshing machines and outfits used therewith, automobiles, motor trucks and other power-driven cars, vehicles of all kinds except mobile homes, boats and all watercraft, harness, saddlery and robes.

"Class Five. All poles, lines, transformers, transformer stations, meters, tools, improvements, machinery and other property used and owned by co-operative rural electrical and co-operative rural telephone associations organized under the laws of Montana.

"Any person, corporation, firm, partnership, association, or other group seeking to qualify its property for inclusion in this class shall make application to the state board of equalization in such manner or form as may be required by said board.

Provided, further, that one who applies for classification of property under this class must make an affidavit before the county assessor of the county in which said property is located, on a form as may be provided by the state board of equalization supplied without cost to the applicant, as to his income, if applicable, as to his retirement benefits, if applicable, or as to his marital status, if applicable, and to the fact that he or she actually occupies such improvements with right of the county welfare board to investigate the applicant, on the completion of the form, as to answers given on the form.
