

BEFORE THE DEPARTMENT OF FISH, WILDLIFE AND PARKS  
OF THE STATE OF MONTANA

In the matter of the adoption of an ) NOTICE OF ADOPTION OF AN  
emergency rule closing the Medicine ) EMERGENCY RULE  
River Fishing Access Site in Cascade )  
County )

TO: All Concerned Persons

1. The Department of Fish, Wildlife and Parks (department) has determined the following reasons justify the adoption of an emergency rule:  
(a) The dangerous conditions include fast moving, high water levels which have flooded the Medicine River Fishing Access Site including a latrine which is taking in water.  
(b) Persons recreating in the flooded portions of the site are at risk of:  
(i) injury or drowning due to unexpected changes to topography obscured by flood waters and possible exposure to contaminated waters from flooded latrines.  
(c) Therefore, as this situation constitutes an imminent peril to public health, safety, and welfare, and this threat cannot be averted or remedied by any other administrative act, the department adopts the following emergency rule. The emergency rule will be sent as a press release to newspapers throughout the state. Also, signs informing the public of the closure will be posted at access points. The rule will be sent to interested parties and published as an emergency rule in Issue No. 11 of the 2019 Montana Administrative Register.

2. The department will make reasonable accommodations for persons with disabilities who wish to participate in the rulemaking process and need an alternative accessible format of the notice. If you require an accommodation, contact the department no later than 5:00 p.m. on June 21, 2019, to advise us of the nature of the accommodation that you need. 3. The emergency rule is effective May 28, 2019, when this rule notice is filed with the Secretary of State.

4. The text of the emergency rule provides as follows:

NEW RULE I MEDICINE RIVER FISHING ACCESS SITE EMERGENCY CLOSURE (1) The Medicine River Fishing Access Site is located in Cascade County.  
(2) The Medicine River Fishing Access Site is closed to all public occupation and recreation as signed.  
(3) This rule is effective as long as water is flooding the site.  
(4) This rule will expire as soon as the department determines the site is again safe for occupation and recreation. This will depend on the extent and

duration of the flooding in the area. Signs closing the site will be removed when the rule is no longer effective.
