2020 General Election – Post Election Audit Summary

On November 10th, 2020, the Post-Election Audit Random Selection Meeting was held and conducted to randomly select races for audits of required counties. The results were posted on the SOS website and emailed to the Counties. The Counties that were required to complete a post-election audit, did so and returned the results. The results were reviewed for compliance and to ensure that the correct precincts and races were audited. No discrepancies were found during the Post-Election Audit that exceeded the statutory limits as set by §13-17-507 MCA.
